

Vivio Modnée Ring Size Chart

Method 1 - Wrap & Measure Your Finger

1. Cut a thin string and wrap it around the base of your finger.
2. Mark where the ends overlap, then measure the strip against a ruler (in mm).
3. Compare the measurement to our size chart on the right.

Method 2 - Measure an Existing Ring

1. Place your ring on a flat surface.
2. Measure the inside diameter straight across the centre with a ruler (in mm).
3. Match the measurement to the chart.
We recommend choosing a larger size for comfort if you're between two sizes.

- Measure at the end of the day when fingers are at their largest. Avoid measuring when your hands are cold, as fingers shrink slightly.
- Consider sizing up half a size for a better fit.
